

The True North Snow Machine. Easy, Instant Snow Effects!

The True North Snow Machine can create snow effects ranging from light and fluffy flakes to a raging snowstorm. Easy to set up and operate, it provides variable flow and flake size control using one, simple knob on the back panel.

With a built-in 1 gallon jug holder, it can be operated with any of our fluids. **True North Snow Fluid** creates fast-falling snow, perfect for any background scene. Our **Ultimate Extra Dry Snow Fluid** is great for indoor use. With its medium fall rate, the stage will dry quickly ensuring entertainers can continue with their performance. Our **Northern Snow Fluid** creates our fluffiest snow flakes. It is ideal outdoors for large volumes.

Ultratec Snow Fluids should be used with the True North Snow Machine. True North Snow Fluid (pictured) is our most popular snow fluid and can be used indoors or outdoors. Using our fluids maintains your five-year warranty against manufacturer's defect.
