**Fog Curtain Foam Gasket**

## CLF9045 Fog Curtain Metal Bracket

The Fog Curtain Metal Bracket acts as a coupler to join 2 10" rigid pieces together, and as a point to hang the fog curtain from (additional field supplied hardware is necessary).

For a more rigid connection a CLF9032 4 1/2" Sleeve can be used in conjunction to stiffen the joint.(sold separately)

A CXP4088 – Fog Curtain Foam Gasket may be required if fog leakage at the joint happens (sold separately)
